

Sickness

If we were never stretched in bed, with sickness of some standard brand, with influenza in the head and boils and bunions in each hand, I fear we'd never realize how good and kind the people are; for to the house where sick men sigh the village trots, with jug and jar. I've been an invalid this fall; all known diseases climbed my frame, and others climbed the garden wall, and waited to get in the game. And people came from here and there to see if they could help me out, to try to lighten my despair, and place large plasters on my gout. They sawed the wood, they milked the cow, they fed the hens and wound the clock, they packed in water for the frau, and shielded at any thankful talk. They sat all night beside my bed, until the morning hours were struck, and held me down when, seeing red, I only longed to run amuck. They brought me chicken soup and pie, and all the things the sick require, and kindness beamed in every eye—the kindness that no wealth can hire. When I recovered from the gout, the mumps, hay fever and catarrh, I said, "It beareth all get out what thoroughbreds the neighbors are!"

WHITE HOUSE DENIES  
TALE FROM NEW YORK

Miss Wilson Not to Quit Washington to Do Settlement Work.

Prompt denial was made at the White House today of stories in New York that Miss Margaret Wilson, the President's only unmarried daughter, is to leave the executive mansion and make her home in Greenwich village that she may take up settlement work. The same stories stated that Miss Helen Woodrow Bones, the President's cousin, was to join Miss Wilson, thereby breaking up the domestic circle of the White House on the eve of the President's departure for his home in the White House in Hot Springs. It was also asserted that Passed Assistant Surgeon Cary T. Grayson, U. S. N., the President's naval aide and personal friend, has entered a class for post-graduate study in the Polytechnic hospital in New York and his home hereafter was to be there.

Interest in the Story.

The large circle of men and women engaged in settlement work in New York, especially those whose field is the lower West Side of the city, were reported to be deeply interested in the report of the departure of Miss Wilson and Bones to give up their residence in this city and to go to New York to be near the field of work they are alleged to have chosen. The fact that Miss Wilson has always taken a keen interest in settlement work and kindred subjects. Since the death of the first Mrs. Wilson, Miss Margaret Wilson has been the nominal mistress of the White House but she is frequently away from Washington and Miss Bones was more often in charge of affairs there.

VIGILANCE ADVERTISING  
COMMITTEE INDORSED

Midcity Citizens' Association Names  
President A. J. Driscoll as  
Delegate to It.

Discussion of the campaign against false advertising in the District and the proposed legislation for preventing false statements being given the public regarding articles on sale occupied nearly all of the attention of the Midcity Citizens' Association last evening, when it met at 1009 7th street northwest. The association indorsed the plans for the vigilance advertising committee, named A. J. Driscoll, its president, as delegate on that committee and went on record as favoring the proposed legislation.

One of the principal protests against the "fly-by-night" merchants, who misrepresent their wares to the public, was made by Joseph Berberich. Mr. Berberich declared that false advertising and misleading statements in advertising mean lost time and lost money, said Mr. Berberich.

Says Honesty Is Practical.

Mark Stearnman, another citizen who registered his protest against false advertising, "fly-by-night" merchants and fake auctioneers, declared: "We are living in an age of surprising honesty." "It used to be that the merchant who could turn the greatest number of tricks was considered the smartest. Now, however, all realize that honesty is the best policy, and that the policy of honesty is not a theoretical thing, but is practical and can be put into practice by all of us," said Mr. Stearnman. He declared that the honest merchant is being swindled daily and stripped of their money by the grossest kind of fraud. He pointed out that this also hurts the honest merchant, who is established here and whose taxes help to build up the city. He said the proposed legislation, if adopted, will raise the standard of every business house in the city.

Urged to Attend Banquet.

John Geier reported on the recent meeting of the Federation of Citizens' Associations. M. T. Pines, who presided in the absence of President Driscoll, urged all members to attend the banquet which the association is arranging. He said that the members are all ready to have signed their intention of attending.

These applicants were elected to membership: C. G. Clark, William J. Donovan, L. A. Sievers, C. F. Umhu and J. F. Schneider. District Commissioners were thanked for the interest taken in the part of the city represented by the association, and particularly for their efforts to have all of 7th street newly paved.

RIDES TO THE HOSPITAL  
IN WHITE HOUSE CAR

Boy-Breaks Leg on Christmas Toy, But Still Is Reasonably Happy.

Johnnie Gladitz, three years old, of Riverdale, Md., is now at Emergency Hospital, resting after the setting by physicians of three broken places in his right leg; but he's reasonably happy, for he rode to the hospital in a big White House automobile. It was this way:

Johnnie was hurt by falling over one of his Christmas toys. His father wrapped him in a blanket and brought him to Washington on an electric car. The father became confused in his directions, and when Secretary Tumulty found him he was wandering along in front of the White House, with Johnnie in his arms.

Mr. Tumulty, being the father of six youngsters himself, soon had policemen, doormen and chauffeurs hurrying around after a motor to convey the boy to the hospital. A woman in a handsome limousine and a cab driver offered their vehicles, but a White House policeman put Johnnie and his father in it. The boy, happy over his grand ride, smiled on the way to the hospital, and the doctors said later, he didn't even whimper when the broken bone was set.

ASSOCIATION PUTS BAN  
ON FAKE ADVERTISING

Also Hears Criticism Regarding Alleged Action of Downtown Merchants.

The merchants and business men in the neighborhood of the government printing office suffered materially because of the hoaxing of the downtown, then it was the duty of the Central Citizens' Association at the North Capitol Savings Bank building, North Capitol and H streets.

Mr. Rover said that if it were true that the holiday had been granted the men at the request of merchants downtown, then it was the duty of the Central Citizens' Association to take steps to see that it did not happen again. The hoaxing of the downtown was a big mistake, and the men work a full day December 31.

Condemn Fake Advertisers.

Fake advertising was put under the ban, and President M. J. McNamara was chosen to represent the association at the meeting of the vigilance committee of the Merchants' Retail Association, which is making a campaign to stamp out such advertising.

Secretary John McMahon was directed to request that electric lights at the viaduct on H street be kept lighted until daylight. A resolution favoring the plan of M. J. Pullman, superintendent of police, in uniting the transit and street policemen under one head was referred to the committee on police and fire protection.

Violations of Speed Law.

Constant violations of the speed law by automobilists on New Jersey avenue between I and K streets northwest were alleged by T. J. Culgan, secretary of the vigilance committee, who declared that the association was ordered to take up the matter with M. J. Pullman.

**Supt. Baker Adopts Different Hours for Different Months.**

A schedule for the closing the National Zoological Park every evening has been adopted by Supt. Frank Baker and is to go into effect Saturday, January 1. In announcing this schedule, Mr. Baker directed attention to the fact that heretofore the time stated for closing the entrance gates of the park has been "at dark."
